

Community Development Block Grant (CDBG)

NEBRASKA

Good Life. Great Opportunity.

DEPT. OF ECONOMIC DEVELOPMENT

OVERVIEW

Established as part of the Housing and Community Development Act in 1974, the Community Development Block Grant (CDBG) program allocates funding directly to the State of Nebraska and to the four entitlement communities (Bellevue, Grand Island, Lincoln, and Omaha) from the U.S. Department of Housing and Urban Development (HUD).

The Nebraska Department of Economic Development (DED) implements and oversees the State CDBG program to develop viable communities by providing Nebraskans with safe, affordable housing and infrastructure, as well as by creating quality jobs and investments through the financing of new and expanding businesses. The allocation of CDBG program funds must support at least one of three national program objectives: to benefit low and moderate income persons; to prevent or eliminate slums or blight; or to meet urgent community development needs.

Over the past five years, 141 communities and counties have benefited from the State CDBG program. The current overview highlights State CDBG program investments made in communities and counties across Nebraska. The State CDBG program provides funding to communities and counties in the following opportunity categories:

- Comprehensive Development*
- Downtown Revitalization
- Economic Development
- Emergent Threat
- Owner Occupied Rehabilitation
- Planning
- Public Works
- Tourism Development
- Water/Wastewater

*Category is no longer active as of 2018.

“ We really feel that this was just phase one. There are still about two blocks that we’d like to tackle, then the sky’s the limit. Our community is thankful for the CDBG program, which has really enabled us to make a huge step forward toward the vision we have for Cambridge.”

KANDRA KINNE

“ We were pretty psyched to be building literally a world-class skate park right here in Norfolk, Nebraska.”
